## ECCELLENZA NELLE SEDUTE

EXCELLENCE IN SEATING  
EXCELLENCE DANS LES SIÈGES

I nostri prodotti sono creati con un'attenzione particolare al comfort, utilivettando le normative più esigenti. Collaboriamo con vari enti certificatori come CATAS e Istituto Giordano per garantire le certificazioni dei singoli prodotti.

Abbiamo inoltre ottenuto la certificazione FSC (Chain of custody) nel 2023, garantendo la rintracciabilità dei materiali legnosi e la loro provenienza da foreste certificate e rinnovabili. Inoltre, i nostri prodotti rispettano i Criteri Ambientali Minimi (CAM), assicurando la conformità alle normative ambientali più stringenti.

*Our products are created with particular attention to comfort, using the most advanced technologies and complying with the most demanding standards. We collaborate with various certification bodies such as CATAS and Istituto Giordano to ensure product certifications.*

*Additionally, we obtained FSC (Chain of Custody) certification in 2023, ensuring the traceability of wood materials and their origin from certified and renewable forests. Furthermore, our products comply with the Minimum Environmental Criteria (CAM), ensuring adherence to the strictest environmental regulations.*

Nos produits sont créés avec une attention particulière au confort, en utilisant les technologies les plus avancées et en respectant les normes les plus exigeantes. Nous collaborons avec divers organismes de certification tels que CATAS et Istituto Giordano pour garantir les certifications des produits.

De plus, nous avons obtenu la certification FSC (Chaîne de traçabilité) en 2023, garantissant la traçabilité des matériaux en bois et leur provenance de forêts certifiées et renouvelables. En outre, nos produits respectent les Critères Environnementaux Minimaux (CAM), assurant la conformité aux réglementations environnementales les plus strictes.
